

# APALAZZOGALLERY

## **Design at A Palazzo curated by The Art and Design Group**

APALAZZOGALLERY is proud to announce the opening of the first of a series of online exhibitions of contemporary design showcasing a selection of objects, lighting and furniture.

Design at APalazzo is a place that promotes and celebrates the creative spirit of international talents bringing together classical and contemporary design.

Blurring the traditional line between art and design, the works presented in the show are made using traditional craft techniques.

There will be new exclusive works by Nigel Coates and George Sowden.

There will also be exhibited works by Attua Aparicio, Paolo Gonzato, Jochen Holz, John Maybury, Muller Van Severen, Studiomama, Studio Irvine, Jerszy Seymour and a series of works on paper by Larry Stanton and Nathalie du Pasquier.

All the objects shown are available to buy.

The show is curated by Elisabetta Buonaiuto, an independent art advisor and founder of The Art and Design Group, an art and design consultancy that collaborates with artists and designers for the creation of exclusive pieces.
